Dear Mayor Rosenthal:

The 89er Day celebration for 2012 will be held on April 21, 2012.

Our committee is working hard to make this celebration worthy of comment for years to come as we have in the past.

We join others in our community to thank you for your financial support of previous years. As in the past, we are asking for The City of Norman to approve a request for \$5,000. Our request for 2011 was funded at \$4,500 and we are very grateful for such consideration. The funds the City of Norman allocates will be spent on initial advertising, insurance and other setup costs associated with this weekend. We are committed to raising matching funds from community donations.

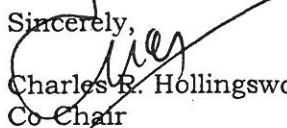

A planned estimated budget is enclosed for your review based on last year's expenses. There are no fees/charges assessed for any part of our operation.

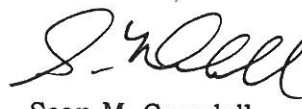

Thank you for the consideration we know that your office and other City of Norman Council members will give to our request. We are very grateful for the Norman Police Department, Norman Fire Department, Norman Parks and Recreation Department and the Norman Street Department and the many other City of Norman volunteers who make this celebration a very special event.

Please know that our committee is well aware of the financial situation the City of Norman is facing.
