Jim,

No problem. Glad to help.

If possible I need you to enter a justification in line 7. You might include drug interdiction, high risk tactical situations, any joint tactical teams that NPD is associated with & that it will be made available to other LEA's in your area as needed.

Barry,

We are interested in obtaining one of the MaxxPro Mine Resistant Ambush Protected (MRAP) tactical vehicles. I understand there are some at Ft. Hood and maybe other locations that are somehow obtainable for LE agencies. Can you please give me some help or direction?

Thanks
